The town of Wilton has been reviewing options to cut down on the number of plastic bags used each year. Several town-wide forums were held in Mid-2010. After careful deliberation, the Wilton Board of Selectman decided to do a 6 month educational program with the objective of getting 50% of Wilton residents to use reusable bags on a regular basis. They asked the non- profit Wilton Go Green, Inc. to develop and lead the program. At the heart of the program is a contest to design art to be printed on 2000 reusable bags that will be given FREE from March to June to help promote the use of reusable bags.
